CIRCULAR

To, All Members,

Subject: Regarding Recent Structural Report

Dear Members,

As per the applicable Government regulations, it is mandatory for every Co-operative Housing Society to periodically carry out a Structural Audit of the building to assess its structural condition and safety.

In compliance with the said requirement, the Society has recently conducted the Structural Audit of the building, pursuant to the Government directions received vide letter dated 21st November 2025.

Accordingly, a detailed copy of the Structural Audit Report comprising 71 pages (52 pages +19 pages of drawing) has been uploaded on our Simla house website for your reference. The report contains the observations and findings of the structural consultant and is self-explanatory.

Members are requested to kindly go through the report so that they can be reviewed and discussed during our forth coming SGM.

Hon. Secretary
