Circular

To: All members

Subject: Survey of remaining Flats

Dear Members,

As per our circular 3798 dated 23rd March 2026, most of the measurement's sheets of the flats were uploaded on the society website.

At that stage some of the flats did not permit to take measurements but subsequently permitted to do so. Hence measurements of all the flats available until 23rd April 2026, were once again uploaded on the Society's website <https://simlahousechs.com> on 23rd April 2026. Members may view / print the same.

The areas mentioned in the said measurement sheets for the flats are only for reference as the survey carried out by MHADA at a subsequent stage shall be final and binding on all members and shall prevail over and supersede the aforesaid measurements.

In the meanwhile, the society has also forwarded the measurements "As per billing" and "As per survey" done which shall help them whilst making tentative allocation plans/design.

Hon Secretary
